CLARKSVILLE, TENN., NOVEMBER 5, 1884.

NUMBER 1:

## HOPE FOR THE BEST.

Cleveland Has Probably Carried New York

And all the Southern States, West Virginia Alone Being Doubtful.

The Indications from New York, Indiana and Wisconsin Leads Us to Believe We Will Put Up the Rooster To-Morrow.

Special to the CHRONICLE:

Cincinnati, O., Nov. 4.—Fifty precincts in Hamilton county give the Republicans a net gain of 1,655 over October. This is at a ratio of a gain of 3,000 in the county.

New York, Nov. 4.—Kings county gives Cleveland 18,000 majority. Queens county gives Cleveland 3,000 majority. Richmond county gives Cleveland 2,000 majority.

Boston, Mass., Nov. 4.—Eighty-six cities and towns in Massachusetts, outside of Boston, give Blaine 23,071, Cleveland 16,811, Butler 2,847, and St. John 1,567. This shows a Republican loss of 2,414 from 1883, and a Democratic loss of 3,370. If this percentage holds good, the total vote will be 301,000. Blaine will come into Boston 18,500 ahead of Cleveland. Cleveland's plurality in Boston over Blaine is between 10,000 and 11,000. Indications shown from the above are that Blaine will have 8,000, to 12,000 plurality in the State. Garfield's majority was nearly 54,000. The total Butler vote is about 15,000, and St. John about the same.

New York, Nov. 4.—Returns at 9 p.m. indicate that eight Democrats and one Republican have been elected to Congress in this county.

Cincinnati, O., Nov. 4.—A private dispatch from Richmond, Ind., to the Lincoln Club says: Under our statute the whole ticket must be counted. All indications point to a decisive Republican plurality. Five close counties report Republican gains, and Blaine has the State by probably 5,000.

Burlington, Iowa, Nov. 4.—Fourteen townships give a Republican gain of 240.

Milwaukee, Wis., Nov. 4.—Thirty townships show a net Democratic gain of 667.

Cincinnati, O., Nov. 4.—Among the incidents here was some trouble in the Eighth Ward, where some forty negroes attempted to approach the polls in a body. As one stepped up to swear a vote in, a Democrat challenged him. A rush was made, and the negro started to run. He fell, and was pounced upon and beaten till officers rescued him. At 5:10 Daniel McMara was struck in the mouth at the voting precinct on the corner of Fifth and Central avenue by Wm. Hennessy, a Covington Democratic rough, whereupon McMara shot Hennessy through the head, from which he died.

Boston, Nov. 4.—One hundred and six out of 107 precincts in Boston give

Cleveland 11,366 plurality. One hundred and forty-four towns outside of Boston give Blaine 11,962 plurality. Henry B. Lovering, Democrat, is re-elected in the Sixth Congressional District by a small majority.

New York, Nov. 4, 12 m.—Six hundred and thirty election districts out of 712 in the city give Cleveland 33,224 plurality.

Detroit, Mich., Nov. 4.—Russell A. Alger, Republican candidate for Governor, has run behind his ticket. Twenty-four districts outside the cities give Blaine 2,850, Cleveland 1,907, Alger 2,440 and Begale, fusion candidate for Governor, 2,565.

Indianapolis, Ind., Nov. 4.—At this hour, 1 a.m., only thirty precincts have been heard from, showing a net Democratic gain of 80 on the vote of 1882, when the Democrats carried the State by 1,684. There are forty-five names on the ticket, and it is impossible to get returns to indicate how the State has gone to-night. The Democrats are claiming the State by 7,000, while the Republicans refuse to concede it at all.

Chicago, Ill., Nov. 4.—John N. Ninety, Republican, is possibly elected to Congress in the Second District over Frank Lawler, Democrat.

New Haven, Conn.—The democratic State Committee claim that Governor Waller is re-elected and that the State gives Cleveland a plurality of 3,500.

New York.—The Republican National Committee estimate Cleveland's majority in the State very small. 319 Districts in New York State out of 1,996 give a gain for Cleveland of 3,630 over 1880. If this ratio continues throughout the State, it will give Cleveland gain from 18,000 to 20,000 which would leave Blaine a majority of 50,000 outside of New York city and Brooklyn. From present indications these two cities will give Cleveland a majority from 40,000 to 50,000, making the result very close. Joseph Pulitzer, Democrat, editor of the World, elected to Congress in 9th district in this city by a large majority.

Albany.—Chas. S. Barker, Republican, is elected to Congress in the 30th district.

In September 1884 Republican plurality was 643 a falling off of Blaine of 117 from Rable. Blaine's own ward gave him thirteen less than it gave Rable.

Atlanta, Ga.—Vote in the State very light, Cleveland's majority will be between 25,000.

Hartford, Conn.—Later returns show Eaton Democrat to be defeated by Buck, Republican, for Congress in the first Dist. 63 towns not including New Haven or Bridgeport give Democratic gain of 1,900, leaving but 753 to wipe out Garfield's plurality in 1880.

Chicago, Illinois.—Dispatches from Illinois, Wisconsin, Indiana, Nebraska, Minnesota and Iowa, indicate that the election was the most quiet and peaceable ever known. Heavy defections from Republicans are reported in Iowa and Minnesota. In this city developments proved that fears of alarmists were absolutely without foundation. No trouble occurred until late this evening when "Black Jack" Yetton a notorious rough acting as United States Deputy Marshal shot dead constable Keans, Democratic constable, particulars wanting. On account of length of ticket, count extremely slow.

St. Louis, Mo.—Latest returns indicate that Marmaduke, Democratic candidate for Governor, has run 20,000 behind his ticket, but the full Democratic State ticket is elected in the 8th Congressional district. Blaine has

carried the city by 1,039. Lockwood, Democratic candidate for Congress was defeated by 4,200 by Col. Fregusar. John B. Weber is elected probably by a small majority for Congress in the Thirty-third district. In Cleveland's own ward Blaine has a majority of 299. This ward as a rule, gives 700 Republican majority.
